

# DRYER ELEDRY® FOR BOOTS, SHOES AND GLOVES

Page | 1

**Boots, shoes and gloves are used day in day out, intensively, and in greatly varying temperature and weather conditions. The result: the gear is wet, damp or remains sweaty. The ELEDRY drying systems ensure that the people can start their next shift in comfortable attire.**

The plug-and-play drying systems are designed for easy use. The boot dryer ELEDRY has electrically heated hangers. On the uniquely designed rounded hangers you can dry all kinds of footwear and gloves. This is our most energy and cost efficient system, with a drying time of approx. 4-5 hours.

## DRYING SYSTEM ELEDRY PX31
